# Our Nature's Bounty

Borgo Santo Pietro, our founding holistic sanctuary, is the DNA of our skincare line. Historically our estate was a healing and resting place where pilgrims used to come to be cured by Borgo's villagers. Here, we carefully harvest ingredients from our organic farm, capturing nature's vitality to create transformative products. With its magnetic aura and energy, it is the ultimate place to reconnect with nature.

Our products are composed of herbs, honey and a few body products containing sheep's milk as a soothing ingredient, sourced directly from our organic farm on this land. The Nature's Bounty is a unique treatment that captures the true essence of our philosophy with nature at its heart as a source of nourishment.

*Borgo Santo Pietro, il nostro santuario olistico di fondazione, è il DNA della nostra linea di trattamenti per la pelle. Storicamente la nostra tenuta era un luogo di cura e di riposo dove i pellegrini venivano a farsi curare dagli abitanti del Borgo. Qui raccogliamo con cura gli ingredienti dalla nostra azienda agricola biologica, catturando la vitalità della natura per creare prodotti trasformativi. Con la sua aura magnetica e la sua energia, è il luogo ideale per riconnettersi con la natura.*

*I nostri prodotti sono composti da erbe, miele e alcuni prodotti per il corpo contenenti latte di pecora come ingrediente lenitivo, provenienti direttamente dalla nostra fattoria biologica su questa terra. Il Nature's Bounty è un trattamento unico che cattura la vera essenza della nostra filosofia con al centro la natura come fonte di nutrimento.*

Within our state-of-the-art lab, we adhere to rigorous quality control measures, meticulously tending to every step of the creation process. From sourcing the finest ingredients to conducting precise formulation techniques, we leave no room for compromise when it comes to traceability. Our unwavering commitment to excellence ensures that each product we craft embodies the highest standards, delivering exceptional results that you can trust.

*Nel nostro laboratorio all'avanguardia ci atteniamo a rigorose misure di controllo della qualità, curando meticolosamente ogni fase del processo di creazione.
